

FINO SCONE MIX

OVERVIEW

FINO SCONE MIX is a premix in powder form and requires the addition of water only. FINO SCONE MIX can be made into a variety of other products such as piklets, savoury muffins, savoury scrolls to name a few. FINO SCONE MIX can also be sweetened with the addition of sugar to create fruit scones and scrolls. FINO SCONE MIX has been developed with ease-of-use in mind. This allows for a perfect result every time no matter who is making it. Another recipe variation would be to replace the water with lemonade for a distinctly lemon flavoured light scone.
