No time dough. Place all ingredients into mixer and mix on slow speed for 2 minutes. Scrape down and mix for a further 8 minutes or until dough developed (with this recipe the dough is quite tight to achieve the desired texture). Give dough a bench time of 5 minutes. Remould into Vienna shape and place two scaled dough pieces into a deep round tin. Proof approximately 45 minutes. Bake at 220°C for approximately 25-30 minutes.
